Address: James Wattstraat 77 F2, 1097DL, Amsterdam, Netherlands (Home)

● ABOUT ME

Seeking full-time work. EU Citizen, eligible to work without sponsorship. My interests/hobbies include: watching comedy, calisthenics training, reading about technology.

CHECK OUT MY LATEST PROJECT: My very own website where I learn to create data pipelines, compute predictions with machine learning models, scrap the web for data, visualise data with javascript, use large language models API's for querying data, create automated PDF's among many more things:

● WORK EXPERIENCE

01/07/2023 – CURRENT Amsterdam, Netherlands

BUSINESS INTELLIGENCE ANALYST OPENUP

Online service giving direct access to certified psychologists.

1. Developed all of the organization's PowerBI dashboards completely from scratch.
2. Built a single semantic model combining all useful data marts, allowing for insight gathering from unified sources.
3. My dashboard helped a sales agent upsell a deal for lots of money.
4. Automated boring and repetitive data tasks using python scripts.
5. 'Scale-up' type of environment helped me develop my people/communication skills.
6. Learned from my mistakes.

01/08/2022 – 31/05/2023 Amsterdam, Netherlands

BUSINESS INTELLIGENCE DEVELOPER SCOTCH & SODA

Fashion retailer

1. Responsible for developing, validating and maintaining Alteryx ETL pipelines.
2. Transitioned Qlik View visualisations into improved Qlik Sense reports.
3. Collaborated in properly structuring e-commerce, retail, POS and stock data into a unified but usable format.
4. Automated daily emails and PDF's for various user needs.
5. Learned from my mistakes.

01/06/2021 – 08/07/2022 Amsterdam, Netherlands

JUNIOR MARKETING ANALYST VERISURE

Security alarm and systems retailer

1. Responsible for managing, building & maintaining PowerBI reports for marketing department.
2. Acted as liaison between backend and frontend teams, communicating validation and data modelling issues.
3. Collaborated in successfully transitioning reports to new E2E company-wide data structure.
4. Learned from my mistakes.

02/11/2020 – 30/04/2021 Amsterdam, Netherlands

BUSINESS INTELLIGENCE ANALYST (INTERNSHIP) ACE & TATE

Eyewear retailer

1. Main tasks included ad-hoc data analysis requests, team email management, and communicating latest insights.
2. Assisted team in improving data warehousing schema and creating Tableau dashboards.
3. Learned from my mistakes.
